back

Owned By: Doerksen Herefords Stud Code: 11HH1002 Reg no: C02740171  
SC: 42: cm. Born: 10/03/1998 BW: adj. 78 lb WW: adj. 670 lb YW: adj.  
1050 lb

### Comments by Arno Doerksen

- At 9 yrs. + 33H continues to be a completely sound pasture bull that is strong on the economically important traits in a cow herd.
- Has never had his feet trimmed.
- Sire of hundreds of uniformly moderate framed, good footed daughters with lots of milk and excellent udders. Those who have seen his daughters and grand-daughters repeatedly comment on the exceptional soundness and uniformity of his progeny.
- We've never used a bull that has produced so many sound, functional sons & daughters.
- We purchased 33H because of the balance of low birth weight, strong maternal back ground and the positive balance of big ribeye and high marbling by ultrasound. He continues to pass on those traits to his progeny.
- Sons consistently show extra muscle, thickness and easy fleshing ability after heavy use at a young age. Ranchers comment on the ability of the 33H sons to maintain and recover body condition after the breeding season.
- Sons and Grandsons consistently perform well in the feedlot.
